Applications are in the CRC or online at www.edenprairie.org.
- **JUNIORS:** Will you be the first in your family to attend college? Are you concerned about how confusing and difficult the process seems? Please come to the CRC and see Mrs. Kerns before the end of the year about a new club that will help you get where you want to go. We will work through all the steps of the college admission process from applications to financial aid so no important details are left out, and make it all seem easy.
