

Inspiring Each Student Every Day

EPS Loaner Mobile Hotspot Use Agreement

Eden Prairie Schools has a limited number of wifi hotspots available for student checkout. The purpose of these hotspots is to provide off-site Internet access for district assigned devices, where access is not readily available. Use of a hotspot for a student can be requested by their parent/guardian or an Eden Prairie Schools staff member.

Parent/Guardian: Please review the following Acceptable Use Guidelines with your child. Please complete this Agreement indicating you and your child understand and agree to following the guidelines.

Acceptable Use Guidelines:

- The student's school assigned, digital device will be configured for connecting to the mobile hotspot. No other devices are authorized to connect to the hotspot.
- Attempting to change any configuration settings on the hotspot is not allowed.
- The hotspot has a monthly data limit and will not connect to the Internet once this limit is reached. Connectivity will resume when the next monthly cycle begins. Because of the data limit, it is important the hotspot is used for educational purposes only. Regularly exceeding this limit will result in the hotspot being disabled and required to be turned in.
- Because video streaming uses a high amount of data, entertainment video services such as Netflix, Hulu, and Amazon are not allowed to be used with the hotspot. All other video streaming should be for educational purposes only and limited to avoid exceeding the data limit.
- Music streaming, the downloading/uploading of pictures, and the downloading of apps/software should also be limited to avoid exceeding the monthly data limit.
- All hotspot accessories (charging block, charging cable, etc.) should be kept with the hotspot and need to be returned when the hotspot is returned.
- The hotspot should be connected to a power source and charged when not in use to avoid the battery from becoming fully drained.

Agreement for financial responsibility

We understand that the assigned hotspot device belongs to Eden Prairie Schools and will be returned at the time agreed to during checkout; designated devices not returned will be treated as stolen property. Students who transfer, withdraw, or are expelled will return the device and accessories at the time of withdrawal.

If damage occurs to the device, the student should immediately report the damage and turn the device in. The device will be repaired or replaced by the district. Incidents of gross negligence or repeated incidents may result in financial restitution from the family, up to the entire cost of the device if warranted. Please review replacement and repair cost listed:

Full replacement cost of Mobile Hotspot: \$200

I have read and understand the information presented in this document and agree to the terms.
