Dear Dr. Tryggestad,

Attached you will find the 2016-17 Adopted Budget. Following approval by the School Board, we have assembled the adopted budget materials, which are contained within this publication.

We appreciate the collaboration with you and the School Board which created the assumptions that were foundational to the development of this year's budget.

The Business Office incorporated an additional \$765,695 of General Education Aid revenue into the budget projections due to the 2.0% per Average Pupil Unit (APU) increase in the basic funding formula. The staffing contingency stands at \$250,000 and can be used to address class size or other staffing concerns as this fall's enrollments become known.

The major changes in this budget include the addition of Long Term Facility Maintenance, a new program created during the 2015 legislative session to provide funding for facility maintenance. This program replaces the Alternative Facilities and Health & Safety funding programs.

First time additions to the budget include Student Activities and Employee Severance. These were added to present a more accurate picture of the District's revenues and expenditures. Student Activities and Construction revenue and expenditure budgets were added to the Assigned Fund Balances in the General Operating Fund. Employee Severance expenditures were added to the Trust & Agency Fund for the purpose of construction projects.

We look forward to continued collaboration with you and School Board in providing for the continued fiscal health of Eden Prairie Schools.

Sincerely,

The Business Office

Budget Executive Summary

This budget of Independent School District No. 272, Eden Prairie Schools, is for the fiscal year beginning July 1, 2016 and ending June 30, 2017 (fiscal year 2016-17). Prior year data is included for comparative purposes including budgeted amounts for 2015-16 and final audited amounts for fiscal years 2011-12 through 2014-15.

The District anticipates ending the 2016-17 fiscal year with a 13.2% unassigned General Fund balance. This fund balance is in keeping with the School Board's Executive Limitation 2.5.3 which states that *"There will be no financial plan that allows the year-end unassigned general fund balance to fall below 8% of expenditures."*

Given this fiscal expectation, the School District has proactively planned by keeping a multi-year financial projection model current and has made adjustments in the proposed 2016-17 budget.

Assumptions and Timeline

The School Board's Executive Limitation 2.5.2 reads *"There will be no financial plan that neglects to present the assumptions and timeline for the next annual budget during the third quarter of the current fiscal year."*

For the budget being presented, the **2016-17 Budget Assumptions** were an important starting point. These assumptions, as discussed with the School Board, were as follows:

1. Estimated Enrollment

- a. Oct. 1, 2016 Kindergarten-12th grade estimated enrollment of 8,810 (includes 615 kindergarten students) using a two year weighted average model.

2. Classroom Teacher Staffing

- a. Based on estimated enrollment and class size targets across district and by grade:

Grade	Target
Kindergarten	20.0
Grade 1	20.0
Grade 2	24.0*
Grade 3	27.0
Grade 4	29.0
Grades 5 & 6	30.0
Grades 7 & 8	31.0
Grades 9-12	31.5

- b. * The District will be conducting a one year trial during the 2016-17 school year to lower class sizes in 2nd grade by adding 5.0 FTEs for additional 2nd grade teachers.

3. District Fees

- a. No increase for 2016-17:

Description		Amount
High School Parking		Lot A&B - \$350/year Lot C - \$200/year
2-Mile Transportation	Kindergarten:	Free
	<u>Grades 1st – 12th:</u>	\$175/year per student
		\$295/year family cap
Student Activities		See EPHS Fee Schedule

4. State General Funding

- a. Formula increase of 2.0% during the 2015 legislative session.

5. Fund Balance

- a. Minimum General Fund balance maintained above 8% as directed by the School Board.

The **timeline** for the creation of the 2016-17 budget was incorporated into the 2015-16 budget book and reviewed by the school board throughout the year. In the same manner, the timeline for the 2017-18 budget is presented below. Budget development is an ongoing and fluid process. The impact of prior year-end outcomes affects the final results for the current year. At the same time decisions made in the current year, for example budget reductions and hiring freezes, determine the revenue and expenditure levels for future years.

Organization Overview

Independent School District No. 272, Eden Prairie Schools, is an instrumentality of the State of Minnesota established to function as an educational institution serving students from early childhood through 12th grade. The elected school board is responsible for legislative and fiscal control of Eden Prairie Schools. A superintendent is appointed by the board and is responsible for administrative control of the district. There are no other entities for which the district is considered financially accountable.

Superintendent's Cabinet

The make-up of the administrative team (Superintendent's Cabinet) at Eden Prairie Schools is outlined as follows:

Position	Name
Superintendent	Dr. Curt Tryggestad
Assistant Superintendent	Dr. Joshua Swanson
Ex. Director of Business Services	Jason Mutzenberger
Ex. Director of Human Resources	Thomas May
Ex. Director of Student Support Services	Patricia Clair
Director of Personalized Learning & Instruction	Randi Anderson
Director of Community Education	Dr. Shawn Hoffman-Bram
Director of Communications	Jaclyn Swords

FACILITIES

Students who attend Eden Prairie Schools are served in the following grade level configuration:

- **Elementary School:** Kindergarten through Grade 6
- **Middle School:** Grades 7 and 8
- **High School:** Grades 9 through 12

Elementary School: Kindergarten through Grade 6		
Name of School	Classroom Capacity*	School Type
Cedar Ridge Elementary	35	Boundary
Eden Lake Elementary	35	Boundary
Forest Hills Elementary	27	Boundary
Oak Point Elementary	32	Boundary
Prairie View Elementary	27	Boundary
Eagle Heights Elementary	34	District-Wide Spanish Immersion School
Middle School: Grades 7 and 8		
Central Middle School		District-Wide
High School: Grades 9 through 12		
Eden Prairie High School		District-Wide

***Classroom capacity** is not a fixed number. It will vary based upon, among other things, targeted classroom sizes, grade level of students served in the building and program offerings. Estimates are presented here to provide the reader with an understanding of the relative size of the elementary facilities in comparison to one another. Classroom capacity estimates do not include spaces for music, band/orchestra, art, gym, library/media, computer labs, and for serving the needs of special student populations (gifted, English learners, special education).

The Community Education and Family Education programs are administered from the **Education Center** which the school district leases from the City of Eden Prairie. Early Childhood classes are held at the Administrative Services Center **Lower Campus**. Adult Community Education classes are held at the Education Center, in district school facilities, and in locations throughout the City of Eden Prairie.

Eden Prairie Schools also owns and operates its transportation program. The program is operated from a district-owned **Transportation Center** which houses 117 vehicles for student transportation, over 100 employees, a mechanics shop and grounds equipment that is utilized district-wide.

COLLECTING INPUT

School Board Executive Limitation 2.5.4 states “*There will be no financial plan that does not collect appropriate input from various sources.*” The process to build the proposed 2016-17 budget included the following input opportunities:

1. School Board – The first official action that begins the process of budget development was the approval of the payable 2016 tax levy, which occurred on December 15, 2015. This levy includes 26.1% of General Fund revenue. The board also provided guidance and input to the budget development process as follows:
 - February 10, 2016 – Mid-Year 2015-16 budget update, review budget timeline, discuss preliminary 2016-17 budget assumptions
 - March 28, 2016 – Approve final 2016-17 budget assumptions, review proposed 2016-17 preliminary capital budget
 - April 11, 2016 – Review proposed 2016-17 School Board budget
 - April 25, 2016 – Approve 2016-17 preliminary capital budget and the 2016-17 School Board budget
2. Finance Advisory Committee – This committee of community members and staff reviews the assumptions included in the financial projection model. These assumptions and committee discussion provide important input into the budget development process.
3. Principals – This group of leaders is essential to the budget development process. They provide input and shared decision making for budget adjustments, staffing and program needs.
4. Community – The district website, email list and publications contain continuous updates regarding the budget development process including timeline, assumptions, and proposed adjustments. Community feedback is an essential part of assessing the final budget recommendation.
5. Superintendent’s Cabinet – This group meets weekly. Some part of the budget development process, including discussion of staff and community feedback, is on the agenda each week.

Financial Overview

OVERVIEW OF FUNDS

According to State Law, Eden Prairie Schools maintains a separation of funds. The **General Fund** is used to account for the basic K-12 educational operations of Eden Prairie Schools. The majority of this Executive Summary will focus on the General Fund's fiscal condition. Other funds which are a part of this budget book are separate from the General Fund include:

- Food Service Fund – Revenue and expenditure activity related to the school lunch, milk, concessions, vending and breakfast programs
- Community Service Fund – Revenue and expenditure activity related to the District's Community Education, Early Childhood and Family Education, School Readiness, Preschool Screening, and Non-Public pupil support
- Capital Fund – Capital expenditures (and related revenue) associated with facilities, grounds and equipment; maintained at district level as a separate fund, but "rolled up" as part of the General Fund for state reporting purposes
- Building Fund – The Building Construction Fund is used to record all operations of a district's building construction program that are funded by the sale of bonds, capital loans, or the Alternative Bonding Program (including levies)
- Debt Service Fund – Revenue and expenditure activity related to the District's long-term debt payments
- Internal Service Fund – Revenue and expenditure activity related to the district's self-funded dental plan
- Trust & Agency Fund – Revenue and expenditure activity related to funds that the District holds in trust for others (this includes employee severance, other post-employment benefits, flexible benefits and scholarships)

The following graphs give an illustration of the proportional revenues and expenditures budgeted for each fund in the 2016-17 fiscal year:

REVENUE ASSUMPTIONS

GENERAL OPERATING FUND (Financial Section)

General Fund revenue is projected to increase by \$4,799,010 or 4.6% from 2015-16.

- 1. State Basic General Education Aid** serves as the district's primary funding source, comprising 65.5% of the general fund revenue. State Basic General Education Aid is budgeted to increase by \$765,695 or 1.3% versus 2015-16. The majority of the State Basic Aid category is based upon the Basic Funding Formula. Projections for 2016-17 include 2.0% increase to the per pupil unit funding formula. This increase is contrasted with a declining enrollment projection, as outlined in the Informational Overview section of this summary. Alternative Teacher Compensation (Q-Comp) is no longer a component of General Education aid. The components of Basic General Education Aid are (1) the Funding Formula multiplied by (2) Pupil Units, as described below.

(1) Basic General Education Funding Formula - The per-pupil-unit allocation used in this budget is \$6,067 for 2016-17. The funding formula was recalibrated in 2014 to account for the 2013 legislative changes pertaining to the accounting for pupil units. The table below outlines historical per-pupil-unit funding.

Year	Amount	Explanation
2010-11	\$5,124	No increase in funding formula
2011-12	\$5,174	\$50 increase in funding formula
2012-13	\$5,224	\$50 increase in funding formula
2013-14	\$5,302	1.5% increase in funding formula
2014-15	\$5,831	1.5% increase in funding formula + \$25
2015-16	\$5,948	2.0% increase in funding formula
2016-17	\$6,067	2.0% increase in funding formula

(2) Pupil Units (see Informational Overview section of this summary for more details) - The district anticipates enrollment for the 2016-17 budget year to be 8,810 for students in attendance in local district facilities (note: this differs from enrollment reported to the state for other purposes which will include students in attendance at facilities outside the district, such as Intermediate District 287, for which the district receives and passes along aid in the form of a tuition payment). The total enrollment of 8,810 represents a decrease of 22 students from the comparable 2015-16 enrollment estimate. This is a result of graduating a large 12th grade class in June 2016 and bringing in a smaller kindergarten class. These enrollment numbers create the basis for the State Basic General Education Aid calculation.

Final pupil units are calculated by the Minnesota Department of Education approximately 6 months after the end of a fiscal year (January 2018 for the 2016-17 fiscal year) through a complex set of data and reporting which includes the following:

- Pupil Units calculate actual "membership time" in Eden Prairie Schools multiplied by a State-supplied weighting factor per grade level, rather than simple enrollment counts at a given point in time.

- Pupil Units also includes the net impact of “**enrollment options**” agreements with other Minnesota districts. This accounts for students enrolling into or out of Eden Prairie Schools to or from other Minnesota School districts.
- Pupil Units also include students who leave the district through **tuition agreements** with another district and exclude students who enter the district through these tuition agreements. The state aid is passed along to the enrolling District through tuition payments.
- Eden Prairie Schools has approximately 350 resident students who attend **public charter schools**. Unlike the tuition options noted above, public charter schools receive state aid directly, so are not reported by Eden Prairie Schools. There are also approximately 1,000 resident students who attend **private or religious schools**, which are not reported by Eden Prairie Schools. Neither of these sets of students is included in the Pupil Unit calculations for the district.

2. Property Tax Revenue

Property taxes are determined by the taxable market value of the property, class rate percentages set in law for each category of property (such as residential homestead, residential non-homestead, apartments, etc.) and state-paid property tax aids and credits (see Informational Tab for details from property tax levy effective for the fiscal year 2016-17).

Property tax revenue in the General Fund is budgeted to decrease by \$131,071 or -0.5%, mainly due to the valuation of property owned by the Eden Prairie taxpayers. This revenue category also includes levies for the general operating referendum, Q-comp (alternative teacher compensation), safe schools, integration, and reemployment.

3. Other State Sources

State supported programs are anticipated to increase by \$1,317,171 or 9.4%.

- Special education aid accounts for 68.7% of the revenues in this category, totaling \$10.5 million, based upon district expenditures and state appropriations. The state made significant changes to the funding formula for Special education for the 2016-17 school year. The district has taken a conservative approach in budgeting this category.
- The remainder of state supported programs includes other categorical programs such as achievement & integration, desegregation transportation, non-public pupil transportation, secondary vocational disabled aid, and Alternative Teacher Compensation (Q-Comp).

4. Federal Sources

Federal revenue is budgeted to increase by \$160,556 or 5.8%. This increase is attributable to federal special education flow-through funding, which is determined at the federal department of education. The federal calculations on entitlement include poverty concentration index within the district among other factors. Federal revenue in the General Fund includes the following:

- Special Education (Section 611, Section 619, and Part C) makes up 58.4% of federal revenue or \$1,720,000 in 2016-17.
- Title I, II, and III funding in 2016-17 totals \$1,185,000, which is 40.2% of the federal revenue budget.
- The remaining 1.4% is consists of other grants including the Carl Perkins grant totaling \$40,000.

5. Local (Tuition, Fees, Admissions, Interest, Donations)

Revenue in this category is budgeted to increase by \$686,659 or 31.2% in the coming year. Items included in this category are student parking fees, the 2-mile bus fee (\$175/student & \$295 family cap), facility rentals and admission fees for activities at Eden Prairie High School (EPHS), miscellaneous grants and interest earnings. Also included are funds assigned for the purpose of construction projects with funding coming from the Trust Fund (employee severance.)

6. Student Activities

The 2016-17 year will mark the first time the District has budgeted for Student Activities. An initial revenue budget of \$2,000,000 was created, based on historical data. There will be an equal expenditure budget to offset.

FOOD SERVICE FUND (Financial Section)

Revenue in the Food Service Fund is budgeted to remain flat at \$4,800,000 in fiscal 2016-17. The following assumptions are included:

1. **Local Revenue** is increasing by \$10,000 for 2016-17. This increase reflects anticipated meal sales for students using prior fiscal year participation as a baseline and incorporates the projected decline in enrollment. Prices included in the budget are listed below and represent no change in prices from the 2015-16 school year.

	Breakfast	Lunch
Elementary	\$ 1.80	\$ 2.70
CMS/EPHS	\$ 2.05	\$ 3.05
Adult	\$ 2.25	\$ 3.95
Milk	N/A	\$ 0.55

2. **Federal and State Revenue** sources are decreasing by a combined \$10,000.
3. **Vending and Concession** sales are budgeted to remain flat at 50,000 in 2016-17.

COMMUNITY SERVICE FUND (Financial Section)

The Community Service Fund includes community education and early childhood family education (ECFE). Total revenue for this fund is budgeted to increase by \$413,359 or 9.0% from 2015-16 due to the expansion of the Little Eagles preschool and EPIC summer programs. Changes in this revenue component include the following assumptions:

1. **Property taxes** for Community Education and Family Education programs are increasing by \$7,408 or 0.7%. This aid is received from the state for a calculated percentage of the net revenue loss in prior years due to county abatements of property tax levies.
2. **State revenue** is increasing in 2016-17 by \$95,185 or 17.5, mainly in the areas of early childhood/preschool screening and revenue from the 2015 legislative session for preschool programs.

3. **Local tuition and fees** will increase by \$358,532 or 12.6%. This is mainly due to the offering of additional programming and the expansion of the Little Eagles preschool program.
4. **Other local revenue** is budgeted to decrease by \$47,766 or -24.2%, to account for the decreased cost of the mandatory permanent fund transfers from the General Fund (see expenditure section for details regarding General Fund transfers).

CAPITAL & BUILDING FUNDS (Financial Section)

Total capital and building fund revenue is increasing by \$1,842,123 or 18.9% in 2016-17. This increase is primarily due to the increase in Anticipated Net Tax Capacity (ANTC), which affects the Capital Projects (technology) levy. Details from property tax levy effective for the fiscal year 2016-17 can be found in the Informational Section. Changes in this revenue component include the following assumptions:

1. **Operating Capital** revenue which is based upon building age and square footage, which includes **Building Lease Levies**, will increase slightly by \$312,081 or 9.4% in fiscal 2016-17.
2. State approved **Health and Safety Levy** revenue will decrease by \$16,708 or -3.0%. Health & Safety funding is directly linked to projects approved by the Minnesota Department of Education.
3. The **Capital Projects Levy** is increasing in fiscal year 2016-17 by \$1,546,750 or 26.4%. Funds available for fiscal 2016-17 technology and capital related items are budgeted at \$7,399,995.
4. The District sold **Alternative Facilities** bonds in April 2015 to fund expenditures in fiscal 2015-16 and 2016-17.
5. No additional revenue is budgeted for the **Capital Facilities Fund**. There are no expenditures planned at this time.

DEBT SERVICE FUND (Financial Section)

Debt Service Fund revenue is budgeted to increase by \$97,750 or 1.3%. The budgeted revenue in **Property Tax Levies** will be used to cover the scheduled principal and interest payments per the debt service payment schedule. The Informational Tab contains details from property tax levy effective for the fiscal year 2016-17.

INTERNAL SERVICE FUND

The District established an Internal Service Fund to account for and finance its uninsured risk of loss for employee dental insurance plans. Under these plans, the Internal Service Fund provides coverage to participating employees and their dependents for various dental costs as described in the plan. The Internal Service Fund revenue is budgeted to remain flat at \$1,150,000.

TRUST & AGENCY FUND (Financial Section)

Trust and Agency Fund revenues are budgeted to decrease by \$200,000 or -49.0%, due to a more accurate reflection of the flexible benefits revenue received.

EXPENDITURE ASSUMPTIONS

GENERAL FUND (Financial Section)

The General Fund expenditure budget is increasing by \$5,146,167 or 5.03% over 2015-16, for the most part due to changes in employee salaries, wages and benefits, and the addition of a \$2,000,000 Student Activities expenditure budget. For comparison, the budgeted increase without including Student Activities is 3,146,167 or 3.1% over 2015-16.

1. The **salaries & wages and employee benefits** budget of \$94,098,021 include salaries and benefits for all employee groups. This budget represents 86.9% of the total General Fund budget. This budget includes:
 - Wage/benefit costs for existing employment agreements including allowances for longevity, education, health & dental benefits and pay rates.
 - An allowance for wage/benefit changes that may result from bargaining agreements that are being negotiated for the 2016-17 budget year.
 - The cost of statutory benefits (TRA, PERA, FICA, etc.)
 - Any changes to staffing levels.

As of the budget adoption date, the status of general fund employee contracts is as follows:

Bargaining Unit	Current Contract Expiration	Status
Teachers (EPEA)	June 30, 2017	Settled
Bus Drivers	June 30, 2017	Settled
Buildings & Grounds	June 30, 2017	Settled
Superintendent	June 30, 2018	Settled
Superintendent's Cabinet	June 30, 2017	Settled
Principals	June 30, 2016	In Negotiations
Administrators (AST/EPSS)	June 30, 2016	In Negotiations
Clerical (CLASS)	June 30, 2016	In Negotiations
Paraprofessionals (MSEA)	June 30, 2016	In Negotiations

Other budget assumptions included within salaries and benefits include class size targets as follows:

Grade	Range
Kindergarten	16.0 – 22.0
Grade 1	16.0 – 22.0
Grade 2	23.0 – 25.0*
Grade 3	26.0 – 28.0
Grade 4	28.0 – 30.0
Grades 5 & 6	29.0 – 31.0
Grades 7 & 8	30.0 – 32.0
Grades 9-12 **	29.0 – 34.0

* One year trial for 2016-2017 increases FTEs by 5.0 in 2nd grade

** High School staffing levels are also driven by course registrations

2. The **purchased services** budget of \$9,215,451 represents an increase of \$1,963,608 or 27.1% from prior year. This budget includes tuition payments to other MN districts, contracted services, utilities, property insurance, professional service fees, travel & conferences, and repairs. It also includes the addition of the Student Activities expenditure budget of \$2,000,000, which was not previously included in the budget.
3. The **supplies & equipment** budget of \$3,358,483 represents an increase of \$146,228 or 4.5% from the prior year. The budget includes both instructional and non-instructional supplies, fuel, and equipment. The majority of administrators' allocation for departmental and site budgets are included in this category. Budget managers have the ability to flex their allocations between categories and mostly do so between supplies and purchased services.
4. The **other expenditures** budget of \$848,568 includes replenished contingency budgets, fund transfers, and expenditures for dues & memberships. The primary components include a \$250,000 staffing contingency budget to address classroom needs that may arise in the fall, a \$100,000 contingency to cover other unexpected General Fund needs, and a reserve of \$182,500 for benefit changes due to contract settlements. This is an increase of 13.3% over the 2015-16 adopted budget.

Transfers from the General Fund to Community Service of \$150,000 are as follows:

- \$150,000 to Community Education Building Overhead – to cover overhead costs of the Education Center occupied by General Fund Early Childhood Special Education (ECSE) programs.

FOOD SERVICE FUND (Financial Section)

The expenditure budget of \$4,954,325 represents a decrease of \$31,000 or -0.6%. This budget includes the following assumptions:

1. **Salaries & wages and employee benefits** budget of \$2,939,230 include salary and benefits for Food Service employees. This budget represents 56.6% of the total Food Service Budget and includes:
 - Wage/benefit costs for existing employment agreements including allowances for longevity, education, health & dental benefits and pay rates.
 - The cost of statutory benefits (PERA, FICA, etc.)

The status of the Food Service Bargaining Agreement is as follows:

Bargaining Unit	Current Contract Expiration	Status
Food Service	June 30, 2017	Settled

2. The **purchased services** budget of \$133,000, a decrease of \$100,000 or -42.9% includes payments for equipment repairs and maintenance, conferences, etc. The current budget reflects planned use of fund balance to maintain and replace the equipment used in the food service program. The portion of utilities that was previously charged to food service has been removed.
3. The **supplies & equipment** budget of \$2,005,095 represents a -0.5% decrease from prior year due to anticipated reduction in meals served as a result of declining enrollment and adjustment for historical

spending trends. This category includes costs for food supplies, kitchen supplies, and cafeteria supplies.

4. The **other expenditures** budget of \$10,000, unchanged from the prior year, includes the costs of professional dues and memberships, and licenses for food service staff.

COMMUNITY SERVICE FUND (Financial Section)

The expenditures budget of \$4,651,132 reflects an increase of 6.6% from prior year primarily due to the expansion of the Little Eagles preschool and summer programs and the YMCA school-age childcare program. Expenditure changes by category include the following:

1. **Salaries & wages and employee benefits** budget of \$3,635,312 or 78.2% of the Community Service budget reflect:
 - Wage/benefit costs for existing employment agreements including allowances for pay rates, health, dental and other benefits.
 - An allowance for wage/benefit changes that may result from bargaining agreements that are being negotiated for the 2016-17 budget year.
 - The cost of statutory benefits (TRA, PERA, FICA, etc.)
2. The **purchased services** budget of \$884,520 represents a decrease of \$68,282 or -7.2%. Items included in this category include contracted services for vendors teaching classes, use of space, registration software, marketing and repairs.
3. The **supplies & equipment** budget of \$129,000 increased by \$15,100 or 13.3% mainly due to the increase in program offerings.
4. The **other expenditures** budget of \$2,300 represents a decrease of \$300 or -11.5% from the prior year. This category is primarily dues and memberships.

CAPITAL & BUILDING FUNDS (Financial Section)

The expenditures budget of \$16,783,344 represents an increase of \$333,615 or 2.0%. Capital and Building fund expenses are prioritized within funds available or by state approval, as is the case with Health & Safety and Alternative Facilities projects.

1. **Operating Capital** – Operating Capital projects totaling \$4,093,608 include instructional equipment purchases, textbooks, school buses, and maintenance projects at each site. This budget also includes a \$47,021 contingency for capital expenses that may emerge throughout the year.
2. **Health & Safety** – The expenditure budget of \$552,150 includes itemized state-approved Health & Safety projects. These expenditures aim to remove hazardous substances, repair and upgrade fire and life safety codes and improve the management of facilities' health, safety, environmental and air quality.

3. **Capital Projects Levy (also known as technology levy)** – Fiscal 2016-17 expenditures are budgeted at \$7,137,586. The anticipated expenditures continue the integration of technology into the classroom in early childhood through 12th grade.
4. The **Long Term Facility Maintenance** program was passed during the 2015 legislative session. It authorizes funds to enable the district to preserve the condition of facilities while allowing for modernizations that fit their current use. The district previously qualified for **Alternative Facilities** funds which will be phased out with this new legislation. Fiscal year 2016-17 projects include window replacements and mechanical work at Central Middle School, roof projects at Cedar Ridge and Eden Lake, replacement of the bus wash at transportation and district-wide pavement projects.
5. **Other Building Projects** have exhausted remaining funds from the **2005 Bond Issue** and **Capital Facilities Bond Issue** and **Insurance Recovery Proceeds** during the 2015-16 school year.

DEBT SERVICE FUND (Financial Section)

The debt service expenditure budget is \$7,852,856, representing a decrease of \$194,071 or -2.4%. The primary cause for the decrease is the reduction of principal and interest due on the district's current bonds. Expenditures in this fund include ongoing principal and interest payments related to voter-approved and other bonded projects. The Schedule of Bonded Indebtedness is included in the Informational Tab of this budget book.

INTERNAL SERVICE FUND

The Internal Service expenditure budget of \$1,150,000 is unchanged from the prior year. Expenses include the District's self-funded dental plan.

TRUST & AGENCY FUND (Financial Section)

The Trust & Agency expenditure budget is \$2,582,235, representing an increase of \$774,000 or 42.8%. The primary cause for the increase is the addition of a budgeted expense for employee severance. Expenses include scholarships awarded, flexible benefits, severance and other post-employment benefits.

Informational Overview

Budget Forecast

School Board Executive Limitation, Financial Planning and Budgeting, states that “*The Superintendent shall not cause or allow financial planning and budgeting for any fiscal year or the remaining part of any fiscal year to deviate materially from the Board’s Ends priorities, risk financial jeopardy, or fail to be derived from a multiyear plan.*”

In cooperation with the district’s Citizen’s Finance Advisory Committee, a financial projection model is used to project future years’ fiscal conditions by incorporating assumptions, including those stated above.

This model currently includes the following assumptions beginning for projection year 2016-17:

1. 2.0% annual increase in state basic funding
2. Employee salary settlements for upcoming contract negotiations
3. Flat to slightly declining enrollment projections
4. Staffing adjustments in keeping with enrollment and class size ranges
5. Minor adjustments to costs of property and other business insurances along with the cost of fuel and utilities.

The financial projection model, which is the source of the multiyear plan, currently produces the following financial projections:

	2011-12 Actual	2012-13 Actual	2013-14 Actual	2014-15 Actual

1. One of the District's commitments with the 2014 Referendum was to ensure the revenue received would last at least five years, ending with the 2019-2020 fiscal year. The District must maintain at least an 8.0% unassigned Fund balance during that time period.
2. Please note, the District began budgeting for Student Activities and Employee Severance with the 16-17 fiscal year. More information will be provided in the financial section under each specific fund affected.

Past years show historical enrollment data. Current year is based on October 1 data.

Eden Prairie Schools is largely "built out" for single family housing. As current residents "age in place", the number of school-aged children in the community overall will decline. The major contributor to enrollment decline is the decline in the size of incoming K classes vs. the previous year's graduating 12th grade class.

Strategic Plan: A process by which a human system discerns its core purpose, and designs the means to achieve that purpose.

Mission: Who do we serve? Why do we exist?

Core Values: Who are we?

Strategic Objectives: For what outcomes will the district be held accountable?

Strategies: What must we do to achieve our mission and objectives?

Strategic Delimiter: What will we not do in order to remain focused.

Eden Prairie Schools Strategic Plan *Framework for the Future*

The Strategic Plan for Eden Prairie Schools was unveiled in spring of 2013. It is designed to be a roadmap for the school district through the year 2018, guiding decisions and development as the district moves into the future. The plan was the result of many hours of work by hundreds of people, including parents, community members and district staff. It encompasses all aspects of the district's work, from our youngest learners in early childhood, through the k-12 school years, and into lifelong learning provided by community education. It touches everyone – parents, staff, and community – but most importantly, is focused on our students.

The Mission of Eden Prairie Schools is to:

Inspire each student to learn continuously so they are empowered to reach personal fulfillment and contribute purposefully to our ever-changing world.

Core Values

We believe that:

- Each person has intrinsic value.
- Each person has individual gifts, interests and talents.
- Community benefits when each person contributes.
- Relationships flourish on a foundation of mutual trust and respect.
- Continuous learning is essential for personal fulfillment, opportunity and success.

Strategic Objectives

By 2018:

- Each student will achieve personal and district expectations and be inspired to learn continuously.
- Each student will enthusiastically and confidently engage in the continual pursuit of personal goals and aspirations.
- Each student will proactively engage in actions that contribute to community.

Strategic Delimiter

We will not adopt any new program or service unless it aligns with and contributes to our mission.

Strategies

Achievement Disparities

We will refocus our efforts both internally and externally to remove barriers and increase opportunities for each student in order to eliminate achievement disparities and to accomplish the strategic objectives.

Digital Resources

We will implement digital resources that align with the strategic objectives to achieve our mission.

Employee Empowerment

We will empower each employee to develop and maintain a strong commitment to ensure each student achieves the strategic objectives.

Measurement

Provides the district with a feedback loop to find out if and to what level the identified strategic objectives are being met. This process allows the district to engage in continuous improvement as we carry out our mission.

Personalized Learning

We will create partnerships with educators, students and parents to develop and utilize personal learning plans to shape instruction so that each student achieves the strategic objectives.

Schools/Community Leadership

We will maximize the strengths of our schools and community leadership to accomplish our mission.

Inspiring Each Student Every Day

The pie chart at left shows the school's 2016-17 preliminary expenditure budget by object series. The salary and benefits budgets continue to be the largest cost drivers, accounting for 89.9% of the total budget. Purchased services make up the next largest share of the budget. These expenses include professional fees, utilities, postage, communication, etc. Supplies and Materials account for 3.9%, including classroom and instructional supplies, textbooks, workbooks, media resources and office supplies. The remaining portion is planned for other expenditures, such as equipment, dues, membership and license fees.
